

The Third New³ Math Conference

Coming Together for Learning, Teaching and Students

A Joint Conference of the Associations of Mathematics Teachers
Of

New York - AMTNYS

New Jersey - AMTNJ

New England - ATMNE

HOSTED BY

SAVE the DATES --June 30 to July 3, 2019 at Siena College (Albany, NY)

Conference Program

- Exciting program featuring outstanding mathematics educators from the northeast
- Narrow Grade Band Workshops.
At each presentation time there will be a PK-1 workshop, grade 2-3 workshop, grade 4-5 workshop, grade 6-7 workshop, and grade 8-9 and HS workshops. These will be in-depth multi-part strands.

Sample Comments from 1st New³

So many wonderful presenters and the grade level focus of the sessions was so useful!

One of the best I have ever attended. Loved the opportunity to collaborate with people from so many locations across the three regions.

Enjoyed myself professionally and socially!

Very well organized, excellent sessions, enjoyed social evening.

Loved the whole design of the thing: small, intimate, collegial. Really got to spend time with some wonderful educators. Lots and lots of great thinkers about math education.

An amazing collection of presenters, social activities and outstanding networking!

Best NY area conference I have been to in a long time.

Again you outdid yourselves!! Absolutely the best conference around - best professional development opportunities and great price! Can't wait till next year!

Other Conference Features

- Affordable -approximately \$250 for commuters, \$500 for residents. Other conferences have registration fees of \$350, \$500, or more!
- No sub plans needed
- STEM Camp for participants' children grades 1 to 8 run by experienced educators. Only \$150 per child (includes lunches).
- Community Atmosphere
- Social events to be determined.

The New³ Math Associations will be posting more info about this conference on their websites and sending e-blasts. If you would like to be on a conference distribution list for the latest updates or have questions, please e-mail conference coordinator, Jim Matthews at matthews@siena.edu Please use "New Cubed - 2018" in the subject line of your e-mail.
